When I use Text-to-Speech

What I want:

- To proof and edit my written work.
- To make sure that my sentences are written correctly and make sense.
- To check that my text is properly structured.

What I need to do, in order for text-to-speech to work:

- I need to listen carefully to ensure that the text conveys what I wanted to say.

I listen to one sentence at a time and I ask myself:

- Is the voice that is reading translating what I wanted to say?
- Did I choose and write the correct words?
- Did I forget any words or repeat any words?
- Is my sentence too long?
- Is my sentence correctly punctuated?
- Other: _____

I listen to one sentence at a time and I ask myself:

- Are my paragraphs correctly structured?
- Did I follow the writing intention?
- What are the words that are repeated most often?
- Could I replace them with a synonym or a pronoun?
- Other: _____
