

CALL FOR PRESENTERS

Educators' Institute 2027

Unique Minds. Remarkable Potential.™

AUGUST 18-19, 2027 • VIRTUAL • TWO HALF-DAYS

Share Your Expertise. Inspire Practice. Support Student Success.

Share your research, expertise, and classroom-tested approaches with educators and professionals committed to supporting students with diverse learning needs.

Who Should Apply?

K-12 educators, instructional teams, school and system leaders, university faculty, researchers, clinicians, and community partners.

What We're Looking For

Engaging 60-minute virtual presentations that connect research and practice, offering practical strategies and tools to support students with learning disabilities (LDs), ADHD, and struggling learners.

2027 Priority Themes

01 Building Strong Foundations

Evidence-informed instruction in reading, writing, and mathematics, including Tier 1 and Tier 2 supports, early identification, and targeted interventions across grade levels.

02 Thinking and Learning Skills

Executive functioning, attention, working memory, metacognition, self-regulation, problem-solving, and strategies that build student confidence and independence.

03 Well-Being, Resilience, and Belonging

Mental health, emotional regulation, neurodiversity, behaviour as communication, student identity, relationships, resilience, and creating environments where students belong.

04 Equity, Accessibility, and Innovation

Universal Design for Learning (UDL), culturally responsive practices, equitable assessment, IEP implementation, assistive technology, and responsible AI to remove learning barriers.

Application Deadline: January 15, 2027

Hosted by LD@school, a signature initiative of the Learning Disabilities Association of Ontario (LDAO).

Why Present at the Educators' Institute?

Showcase your work, connect with a professional learning community, and help educators put evidence into practice. In 2026, the Educators' Institute and Colloque together reached more than 900 participants.

The Impact of Educators' Institute 2026

100%

agreed or strongly agreed that the event was **well organized**.

95%

agreed or strongly agreed that the content would be **useful in their professional practice**.

What Participants Are Saying

"This is one of the best PLs I've attended in my almost 20 years of teaching. Very practical and useful information."

2026 Educators' Institute participant

"One of the best virtual conferences I have attended."

2026 Educators' Institute participant

Preparing a Strong Proposal

Proposals should clearly demonstrate how the presentation connects evidence to practice, including practical applications at the classroom, school, or system level. Include the intended audience, relevant grade levels or educational contexts, and expected learning outcomes.
